

Reedsburg WI.
April 23, 2014

The Reedsburg Airport Commission convened in session on Wednesday April 23, 2014 at 8:00 am with the following members present: Finnegan, Polk and Friede.

Also Present: Steve Zibell and Brit Solverson.

Motion by Friede seconded by Polk to approve the minutes from the November 19, 2013 and March 31, 2014 meeting.

Motion Carried

Zibell presented the airport six-year improvement plan. There was discussion amongst the members and all agreed on the plan. Zibell stated that this was just a planning document and things could be moved around in the future. Motion by Friede seconded by Polk to approve the Airport six-year improvement plan.

Motion Carried

Zibell presented the projects planned for the year 2013. Planning and design of a new airport office/hangar and also crack filling the runways. The cost for the city would be under \$4,000 and the other cost would be state and federally funded. The commission felt this was a needed project since someday the hangar and office would have to be moved for a possible future roadway and the building is in need of repair. Motion by Polk seconded by Friede to approve the project funding and move forward with the projects.

Motion Carried

Moved by Polk seconded by Friede to adjourn at 8:15 am.

Motion Carried.

Respectively Submitted,

Steven T. Zibell, Public Works Director/City Engineer
