Also Present: Steve Zibell Public Works Director/City Engineer, Rita Strutz

Motion by Backeberg seconded by Craker to approve the minutes from May 18, 2016 meetings.

Motion Carried

Rita Strutz spoke and was asking to reconsider her sewer backup claim. Zibell stated to her she needs to re-submit the claim form and it will go through the proper procedure.

Zibell discussed the CMAR and explained the different grades for each section. The committee had a few questions about the ratings. Zibell explained the influent rating was low due to our high inflow compared to the design capacity of the plant. Zibell also explained we were hit in the summer months from the industries so we had trouble meeting the phosphorous limit. We were also downgraded for not having enough sludge storage space. Motion by Knudsen seconded by Craker to approve the CMAR.

Motion Carried

Zibell updated the committee on current projects.

No Action

Motion by Knudsen seconded by Backeberg to adjourn.

Motion Carried

Adjourned at 6:50 p.m.
