

Reedsburg, WI  
October 16, 2019

The Public Works Committee for the City of Reedsburg convened for their regular meeting, on October 16, 2019 at 6:00 p.m. in the Reedsburg Center Conference Room with the following members present:

Members Present: Charlie Backeberg, Calvin Craker, Dave Knudsen and Todd Polk

Also Present: Steven Zibell

Motion by Craker seconded by Polk to approve the minutes from September 18, 2019 meetings.

Motion Carried

Zibell presented the speed study along Viking Drive taken north of Huntington Park Drive. Zibell stated the 85 percentile speed was 35 mph although other things come into consideration such as driveway spacing and traffic volume. The committee wanted to do another speed study somewhere south of Huntington Park and see what the 85 percentile speed in this area is. Motion by Backeberg seconded by Knudsen to table until the next speed study is taken.

Motion Carried

Zibell and Amy from Town and Country Engineering discussed a proposal to do a Facilities Plan for the WWTP. Amy stated they would get started sometime yet this year and it would take most of next year to complete. Amy also stated we have already completed the collection side of the plan this summer. The Committee felt this was something that needed to be done since our old plan is out dated due to all of our upgrades since the last plan was done in 2005. Motion by Knudsen seconded by Polk to recommend moving forward with the WWTP Facilities Plan and recommend to Council.

Motion Carried

Motion by Knudsen seconded by Polk to adjourn.

Motion Carried

Adjourned at 6:00 p.m.  
Respectively Submitted,

Steven T. Zibell, Public Works Director/City Engineer  
City of Reedsburg
