Narrative

Unit 2 was attempting to pull into Motel Reedsburg to attempt to back across the street (E. Main St) into another business. As Unit 2 was pulling into Motel Reedsburg, the top of his semi caught the hanging wires above the street and split one of the wires. The wire belongs to Frontier and is a telephone wire, and they were contacted and advised of it. Once a representative from Frontier arrived, I asked him to measure the height of the wire as the driver of Unit 2 and Reedsburg Utilities thought it may be low. The height of the wire was 13 feet 6 inches.
