Subject: Ordinance 1883-19 – Zero Lot Line Zoning; 2nd Reading

BACKGROUND AND REQUEST
Currently the Reedsburg zoning ordinance does not permit zero lot line zoning. Zero lot line refers to building walls of attached housing to be located directly on a lot line rather than being set back from it for a certain distance (e.g. 10’, 25’ etc). The only way to have individual ownership of attached housing now is with a condominium.

However there is now a need for more housing and especially affordable housing. One way to increase these is to offer zero lot line zoning.
- The cost of half a duplex is less than a comparable single-family detached dwelling.
- Zero lot line allows owner occupied housing of duplexes and row houses without the higher expense of setting up legal condominium documents.
- It is easier to receive financing as compared to a condominium which is more difficult to obtain from lenders.

This type of zoning is proposed as a permitted use in the Residential zones. But an applicant would still need Plan Commission approval to divide the lot and review the common wall agreement.

STAFF RECOMMENDATION
The Plan Commission recommends approval.

ACTION:
If the Mayor and City Council are ready, the following action may be made:

Motion to approve/deny – 2nd Reading of Ordinance 1883-19.

Attachment(s): Ord 1883-19
ORDINANCE NO. 1883-19
(Zero Lot Line)

The City of Reedsburg, Sauk County, Wisconsin, does hereby ordain as follows:

SECTION I: PURPOSE.

The purpose of this ordinance is to add standards for zero lot line building development, where certain building walls would be located directly on the side lot line.

SECTION II: PROVISION ADDED.

City of Reedsburg Code Section 17.13(11) is hereby created by this Ordinance.

(11) Zero Lot Line Zoning
(A) Zero Lot Line. A lot created with no side yard setback on one side of the lot to create a shared building envelope between the two lots. This shared building envelope shall only be used to build or divide a duplex where the common wall between the two units is built, or determined to be, the common boundary line to create two separate attached single-family dwelling units.
(B) Zero Lot Line Construction. A development approach in which a building is sited on one or more lot lines.
1. Two-family (duplex) construction is permitted in R-1 and R-2 zoning Districts following site plan and certified survey map or plat approval by the Plan Commission.
2. Row housing (also known as townhouse, townhome) is three or more dwellings connected by individual or common side walls and forming a continuous group. Row housing is permitted in R-2 and R-3 zoning Districts following site plan and certified survey map or plat approval by the Plan Commission.
(C) The standards of Section 12.12 Schedule I shall apply. In addition the following standards shall apply and may supersede any that conflict with 12.12.
1. Lot width at minimum building setback line: The aggregate widths of both lots that a duplex occupies shall total not less than 80 feet. No single lot width shall be less than 40 feet. Minimum lot width for row housing is 24 feet.
2. Lot area (each unit): Minimum 5,000 square feet for duplexes; minimum 2,000 square feet for row housing.
3. Principal Building Setback—Side Yard: Zero feet on side yard(s) that includes the common wall(s) of the structure; the opposite side yard shall be the same as for other residences in the zoning district.
4. Each new unit shall have a separate water lateral connection, meter and curb stop. Existing non-conforming units shall comply if water or other utility service is altered in the future. The size, type, and installation of water, sewer, electric and telecommunications services shall be in accordance with plans and specifications approved by the Reedsburg Utility Commission and Public Works Dept.
5. The common wall between the units shall meet the requirements of the current Wisconsin building code and shall extend from the basement floor to the top of the roof. Compliance with such standard shall be confirmed in writing before the building permit shall be issued.
6. The developer shall provide with the application a draft agreement or covenant specifying:
   a. Maintenance standards for the common wall.
   b. Maintenance standards for any common lateral, utility service and any other common features.
   c. Restrictions against construction of detached single-family residences on any of the affected lots in the event either or all sides of the zero lot line construction dwelling are destroyed.
   d. Such agreement shall provide that it may not be terminated, amended or otherwise altered without the approval of the Plan Commission.
   e. Such agreement shall be subject to Plan Commission approval, and then recorded by the developer against all affected properties and continually maintained by the property owners before the building permit will be issued and the site plan approval takes effect.
   f. When attached dwelling units are created, matters of mutual concern to the adjacent property owners, due to construction, catastrophe, and maintenance, shall be guarded against by private covenants and deed restrictions and the approving authorities shall not be held responsible for the same.
7. Fees are based on the City’s site plan, CSM and plat reviews plus any additional review costs incurred by the City for associated engineering, legal and administrative expenses.
SECTION III: VALIDITY.

Should any section, clause or provision of the ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION IV: CONFLICTING PROVISIONS REPEALED.

All ordinances in conflict with any provisions of this ordinance are hereby repealed.

SECTION V: EFFECTIVE DATE.

This ordinance shall be in force from and after its introduction and publication as provided by statute.

SECTION VI: PART OF CODE:

This Ordinance becomes part of the City of Reedsburg Code, Chapter 17.

Dated this 25th day of March 2019.

Subject: Ordinance 1884-19 – Cargo Storage Containers; 2nd Reading

BACKGROUND AND REQUEST
I received a request from a business owner about placing a cargo storage container on his property for use as storage. Since such structures are not listed in the ordinance, and his property is adjacent to a residential area, I brought the matter to the Plan Commission.

After several meetings of discussion, it is recommended by the Plan Commission to allow the containers as a temporary use only, such as for moving and construction projects. They do now want to see them used in lieu of a permanent storage building. Similar dumpster language was added for their placement on the street.

ORDINANCE NO. 1884-19
(Cargo Storage Containers)

The City of Reedsburg, Sauk County, Wisconsin, does hereby ordain as follows:

SECTION I: PURPOSE.

The purpose of this ordinance is to add standards for the temporary use of former cargo storage containers.

SECTION II: PROVISION ADDED.

City of Reedsburg Code Section 17.04(1)(I) is hereby created by this Ordinance.

17.04(1) Accessory Building Or Use. An accessory building or use is one which:
(I) Storage Containers. Storage containers, such as those used to ship cargo, are permitted for temporary uses up to six months in a calendar year or associated with construction/remodeling projects. Containers on the street shall have reflective tape or paint of at least 36 square inches in an area on each side of each corner of the container. Containers shall not be left on the street within 15 feet of an intersection or within 4 feet of a driveway. Containers shall not be left on the street for more than 30 consecutive days.

SECTION III: VALIDITY.

Should any section, clause or provision of the ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION IV: CONFLICTING PROVISIONS REPEALED.

BACKGROUND AND REQUEST

This is our annual sidewalk repair program area.

This year area ‘A’ is up for repair. Sidewalks will be inspected sometime in April depending on weather and notices will be sent out. Typically we give owners until July 4th to make any repairs needed and if the work isn’t completed by July 4th we have our contractor do the work.

The Contractor bills the City and we bill the property owner.

STAFF RECOMMENDATION

Public Works Committee and staff recommend approval.

Resolution 4362-19
RESOLUTION
(Ordering the Repair and Installation of Sidewalks on Various Streets)

WHEREAS, the Public Works Committee ordered the repair and installation of sidewalks on various streets and granted authority to the City Engineer to notify affected property owners, and

WHEREAS, the Common Council of the City of Reedsburg that the City Engineer, through the designated Sidewalk Inspector, be and is hereby authorized to cause to be repaired, installed, or replaced any defective or unsafe sidewalk with the City, commencing with the described area in 2019 in accordance with State Statute 66.615:

Area A: An area bounded by E. Main Street to the south, North Dewey Avenue to the east, Eighth Street to the north and Laurel Street to the west.

NOW THEREFORE BE IT RESOLVED that said Sidewalk Inspector shall notify the property owners with defective or unsafe sidewalks to repair or replace the sidewalk, in compliance with the requirements of the City Ordinance governing such construction within thirty (30) days from the date of notice, and that if not so repaired, installed, or replaced within the said thirty (30) days, the City of Reedsburg will cause such sidewalk to be repaired, installed, or replaced and charge the cost thereof to the abutting property owner, and such cost, unless previously paid, will be collected as a special tax against the abutting property.

Subject: Eighth Street Parking Restriction Resolution 4363-19

BACKGROUND AND REQUEST

Public Works Committee had a request to look at parking along Eighth Street between North Webb and North Walnut Street. During school hours this area becomes congested and when cars are parked along both sides of Eighth Street it is difficult for two cars and busses to maneuver.

Public Works Committee reviewed this request and they recommend restricting parking along the south side of Eighth Street between North Webb and N. Walnut Street during school days from 7 am to 4 pm.

STAFF RECOMMENDATION

Public Works Committee and staff recommend approval.

Attachment:  
Resolution 4363-19
RESOLUTION
(Eighth Street Parking Restriction)

WHEREAS, Per Ordinance 7.01 the Public Works Committee and Public Works Director recommend to the Common Council to restrict parking along the south side of Eighth Street between North Webb Avenue and North Walnut Street, and

WHEREAS, the Common Council of the City of Reedsburg creates section 7.085 (1)(g) as stated below:

7.085(1)(g) On the south side of Eighth Street between the intersection of North Webb Avenue and the intersection of North Walnut Street, between the hours of 7:00 a.m. and 4:00 p.m. Monday through Friday, during student days of the school year as defined by the School District of Reedsburg Board.

STATE OF WISCONSIN)
COUNTY OF SAUK         )

I hereby certify that the foregoing resolution is a true, correct and complete copy of a resolution duly and regularly passed by the Common Council of the City of Reedsburg on the 25th day of March, 2019, and that said resolution has not been repealed or amended, and is now in full force and effect.

Dated this 25th day of March, 2019.

Subject: Hazard Mitigation Grant Program (HMGP) – UPDATE

BACKGROUND
I submitted the estimated HMGP budget to Council in January. Since that time a few of the estimates have come back higher than estimated but still within a few thousand for the City's portion of about $375,000. However two property owners have also requested to join the application.

One is a residential property that wasn't harmed by the flooding but has a foundation that is being undermined over years of saturation (according to the engineer hired by his flood insurance company). Because the problem was not due specifically to the past flood event, his flood insurance will not cover the foundation repairs of driving in piers. He recently received a bid from a contractor that the foundation repair would be almost $100,000.

The second request to the HMGP is from a commercial building owner. He recently saw coverage of the HMGP application and requested to join. He stated he had 1.5' of water in the building. As of this writing I have not inspected the building but will do so prior to the Council meeting.

FINANCIAL IMPACT
Unknown financials at this time include re-assessments of the properties, FEMA assistance to the owners after the flood, CDBG, and flood insurance payouts.

Re: March 2019 Administrator’s Report

I have been busy with my transition from the Police Chief position to the City Administrator position. I have met with several developers regarding different areas of interest, most of which are confidential at this time. Below is a listing of some activity I was involved with in March 2019:

- Hemptation development
- Huntington Park development
- Eastside Annexation process
- Chamber Awards
- TID 9 amendment
- DPW Shop Relocation
- March thaw/flooding concerns
- Developer Meetings
- Fly-in, Drive-in Prep meeting with Rotary Club
- RUCLS Power Breakfast
- Meetings reference Shopko & Theater closings
- Meetings reference Distinctly Downtown funding request

Please contact me with any questions you may have.
